**HOOSIER BUSINESS INVESTMENT (HBI) TAX CREDIT
PROJECT STATUS REPORT THROUGH 2006**

3/31/07

INDIANA ECONOMIC DEVELOPMENT CORPORATION

The Indiana Economic Development Corporation (IEDC) which replaced the Indiana Department of Commerce (IDOC) presents the 2006 annual report for the State of Indiana. The HBI program was introduced in the 2003 Indiana General Assembly and signed into law by Governor O'Bannon on May 8, 2003. The HBI program provides the State of Indiana with a tool for competing for the attraction of new business opportunities. The HBI program is "performance-based"; HBI tax credit recipients must make qualified capital investments in Indiana and must generate net new jobs in order to qualify for HBI tax credits, which are applied against the recipient's Indiana corporate income tax liability. This report presents the status of HBI tax credit projects. Questions regarding this report should be directed to the IEDC's Director of Development Finance, Terri Van Zant, at (317) 232-8827.

Reports received after the deadline were certified in the order in which they were received, and the companies will be able to claim 2006 tax credits in the amount certified by the IEDC.

The following chart reflects HBI credits awarded and certified over the period 2004-2006. The chart includes companies approved by the IEDC who are in the process of agreement.

Program	HBI Credits Awarded	HBI Credits Certified
30%	\$467,077,325	\$160,780,993**
Up to 10%	\$45,112,432	\$1,524,185
Total	\$512,189,757	\$162,305,178

**The credits certified under the 30% program are not a true reflection of tax credits taken by approved companies. The IEDC certifies each company's qualified investment, employment, and payroll information. The IEDC then issues a certification letter for a tax credit for 30% of the company's qualified investment. While the IEDC certifies an amount as available credit, the company can only apply the lesser of the certified amount or its Indiana income tax liability growth. The amount is calculated by the company and verified by the Indiana Department of Revenue when filing the Indiana tax return. The unused tax credits can be carried forward for up to 9 years.
